

**We are the only PADI dive shop in town to teach using White's Fusion dry suits for our 42 degree ocean water. We also provide the warmest undergarments for your comfort under water.**

**We have the newest scuba gear in town for our classes and for rental. Our class and rental equipment is replaced yearly with the latest equipment. You will be trained with the latest, safest and most modern gear available.**

**We use modern weight integrated Buoyancy Control Devices... no need to carry 40lbs of weight on your hips using uncomfortable weight belts.**

- **All our gear is mid-line or better, no entry level gear for our students or divers.**

**We are the only dive shop in town to teach with modern dive computers!**

**No more confusing dive tables, you can dive assured that your bottom time is maximized and total safety piece of mind. We all dive with computers these days... we teach you with what you will use when you dive on your own.**

- **We have the highest PADI professional/student ratio in town! You will always be looked after above and underwater for your comfort and safety during our confined open water classes and during the ocean dives.**
- **Our PADI Instructors and PADI Dive masters are experienced and passionate about diving. Above everything they are divers who love diving!**

**We have received several "Certificates of Recognition for Excellence Awards" for customer satisfaction comments! We love recreational diving and we show it. Our focus is in recreational diving and we take pride of teaching what we love to do.**

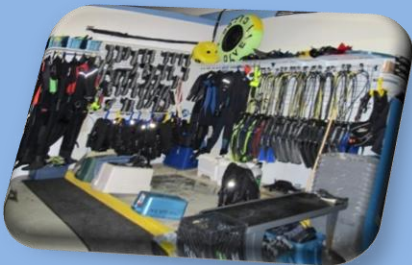

- We have the most experienced Active PADI Open Water Instructors in town. Our Instructors have hundreds of certifications and actively continue teaching our courses every month.
- We give you the class gear to take home; so you can get familiar with adjustments and fit during the entire course. The gear is measured and personalized to fit you; we guarantee you comfort during the entire course. We even provide you with shorty wetsuits to wear during your pool training sessions.

We maximize time in the pool and the ocean. We give you plenty of time to work in your skills, but we also leave lots of time to play in the pool until you are absolutely comfortable with all the skills.

We maximize time in the ocean as well; using dry suits allows us to work on skills and leaves a lot of time to dive and explore our dive-sites. We include a free fully guided follow up dive that includes all your gear so you can continue working on your skills.

- We have the 'Scuba Cruiser' - our own Sink or Swim Scuba van to car pool the gear from the shop to the pool and dive sites.
- We have a comfortable classroom setup for all our classes with access to refreshments. We teach with the latest PADI presentation materials available including Power Point Slides, DVD for Open Water and Dry Suits that you can take home and watch at your leisure.

We have the only indoor rinsing station in town. No need to be rinsing gear in the elements when you can use our heated and comfortable rinsing station.

We will keep you diving after the course is completed. We organized at least 2 dives a week of free Dive master lead dives which you can join at your leisure. If you don't own your gear, rentals are 40% discounted so you can continue diving until you decide to invest in your own equipment.

**We offer free photography courses so you can show your friends and family what you see in our waters.**

- **We provide individual full PADI Open Water packages that include: your own Open Water Diver's Manual, Log Book, Computer Manual for you to keep for later consultation.**

**We have the most active Scuba Diving Facebook page in town and we use all Social Media to keep you informed of dives, trips, courses.**
